The ISP Spam Nightmare
Can End Today!
The Antispam
Is The Solution.

ANTIspam@best

ANTIspam@best

Gives you a tremendous advantage!

- n Puts your customers back in control
- n Requires no extra effort by the customer
- n Increases customer satisfaction
- n Increases customer loyalty
- n Minimize spam overhead
- n Open up spam bandwidth
- n No Spam! Ever!

It is the only product on the market that:

- n **Stops Spam before it is transmitted**, conserving your valuable bandwidth.

- n **Proactively removes your customer's** address from Spammer databases.

For ISP's, The Antispam:

- n Reduces mail processor time
- n Virtually eliminates System Maintenance.
- n Is implemented on a Per-User Basis.
- n Is Self-maintaining.
- n Is scalable and standard.
- n Adds to your Revenue Stream.

The longer customers use your service.... the less spam they will get.

Simple!
